### WHAT SORTS OF THINGS DO SUCCESSFUL STUDENTS DO TO REVISE?

1. Complete past paper examination questions either as timed exercises or as a method for consolidating understanding of ideas. These may be handed in to class teacher for constructive feedback.
2. Complete the revision checklist in your Bartholomew Geography Revision pack . Traffic light each topic section and ensure that you have good notes for everything.
3. Tackle the practice questions in your Bartholomew Geography Revision pack. Hand in for teacher feedback.
4. Create packs of case study revision cards using the format suggested to you by your class teacher, refer to the page in your Bartholomew Geography Revision pack for further information.
5. Create list of key technical vocabulary with definitions. Test your self regularly on understanding of terms and their spelling.
6. Mind map your units of work using an appropriate structure and create 'pop quizzes' so that friends and family can test you regularly.
